Customer Problem Statement:

To develop a user-centered solution, the team identified the common challenges faced by potential users of an online bookstore. Understanding these problems helped us empathize with customers and define the key features required in **Nightjar & Co. – MERN BookStore**. The following table summarizes the primary customer problems, their causes, and the impact on the user experience.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student	Find affordable books for my studies	It takes a long time to search across different websites and stores	There is no single platform with easy search and category filters	Frustrated and time-consuming
PS-2	A book lover	Purchase books online quickly and securely	Many websites have complicated navigation and checkout processes	The user interface is not simple and user-friendly	Confused and discouraged from buying
PS-3	A frequent online shopper	Discover books based on categories and interests	Relevant books are difficult to find	Many platforms lack efficient filtering and organized catalogs	Overwhelmed by too many choices
PS-4	A new user	Create an account and access my profile securely	Some websites have complicated registration and login processes	Authentication is not straightforward	Unsure about using the platform
